

PERMISSION TO USE RESEARCH RESULTS

Dear Client:

As a professional genealogist, I not only do genealogical research and compilations but also lecture, teach, and write in the genealogical field. I like to use “real-life” examples in my teaching and writing but do not use client-sponsored research without the client’s permission. If you would allow me to use the work I did for you in this way, or to use you as a reference, please initial all the following statements that apply and return the form to me in the enclosed stamped self-addressed envelope. Thank you for considering these requests.

Sincerely,
